

Our Coverage

With Crossbow GPS you can locate your vehicle anytime 24/7. We not only provide you with the latitude and longitude of where your vehicle is, we also provide you with the street address on a map anywhere in North America within a minute of requesting a location on the vehicle.

About Us

Crossbow leadership has years of experience in GPS applications. We are solely committed to the advancement of GPS technology in both current and emerging markets. Since its start, Crossbow has quickly risen to become one of the industry's leading providers of GPS tracking products. Our industry knowledge and experience have allowed us to quickly become one of the most trusted North American distributors of GPS technology today. We are singularly committed to exceeding our customers' needs.

About Crossbow GPS

Crossbow GPS is an all digital full featured GPS location device with no external antennas. This makes Crossbow the most innovative compact design available in the marketplace.

SECURE YOUR RENTAL FLEET

GPS SECURITY FOR YOUR RENTAL FLEET

Why Crossbow?

Are you looking for a solution that will reduce your operating costs, keep track of vehicle mileage and maintenance needs, reduce the number of stolen or missing vehicles, and make vehicle inventory easier than ever? Then look no further, Crossbow has the solution.

Crossbow's state-of-the-art GPS tracking system will locate and control your vehicles with just the click of a mouse. Our online GPS system is built from the ground up with ease-of-use features that make it easier than ever to put all of these powerful features at your fingertips: Find out where all of your vehicles are instantly, or lock down all the vehicles on the lot when you close up shop for the night. Disable the starter of a missing or stolen vehicle, then find its location for quick and easy recovery. Crossbow offers the most powerful and dependable system available, and our manufacturer is the highest quality in the industry.

Benefits:

- Identify Underperforming Vehicles
- Reduce Operating Costs
- Locate Missing and Overdue Vehicles
- Increase Cash Rentals
- Increase Efficiency with Inventory Report

Our Features

- Locate and Disable Stolen Vehicles
- Enforce Boundaries
- Over Speed Notification
- Low Battery Notification
- State Of The Art Mapping
- Intuitive Easy to Use Software
- OBDII Quick Connect Cable
- Embedded (Internal) Antennas
- Easy Installation
- Idling Alerts

Easy Installation

Not only is our tracking device one of the smallest in the industry, it's also intuitive to install, making it quick to set up and use. There are no complicated harnesses or wiring schematics to figure out. With our innovative Plug & Play OBDII cable, you're installed and tracking within minutes.

Our Support

When support counts, we are there to exceed your needs. Crossbow technicians are available 24/7 to answer your questions, providing the expert and timely help you depend on for a successful GPS deployment.

Reliability

When it comes to product and system reliability, Crossbow is the supreme provider. We have some of the most hardened and proven devices and software in our industry. So you can be assured that when you request information on a vehicle it happens quickly and accurately.
